

HIGH SCHOOL SECOND-GOAL PARENT

This 75-minute parent workshop explores the role of a high school Second-Goal Parent. Topics include how parents can help ensure their student-athletes' experience yields healthy, developmental outcomes that will serve them far beyond the playing field, guidelines for developing a positive Coach/Parent relationship, scenarios and discussions about academic eligibility, injuries, cutting from teams, and the role of parents in high school sports.

"The Parent workshop was an overwhelming success. I was not sure how many families would attend but we had 100 parents and a tremendous amount of enthusiasm around these important issues. Parents will definitely hold themselves, their kids, and coaches to a higher standard!"

- Encinal High School Athletic Director

THE SECOND-GOAL PARENT®: Developing Winners in Life Through Sports draws from the Double-Goal Coach model (winning and life lessons) to help parents focus on the second goal, ensuring their children gain the higher value of youth and high school sports regardless of scoreboard results.
