

## LEADING YOUR ORGANIZATION

This workshop is intended to create alignment and help you shape the culture of your organization. This facilitated session will result in a written action plan for your leadership team, specific to your organization and the population it serves.

During the workshop you and your team will discuss your ultimate goal(s) and vision as an organization, strengths and growth opportunities that can contribute to or detract from achieving those goals, and which tasks are necessary to complete your vision and achieve the goals you have set.

“ This workshop was incredibly helpful. It gave us the tools and the opportunity to look at what we are doing well and where we can grow. It helped us dedicate the time to look for areas of growth as a group working towards common goals. ”
