

POSITIVE COACHING ALLIANCE WORKSHOPS

PCA workshops combine the latest in sports and educational-psychology and organizational behavior with **practical advice** from a National Advisory Board of top pro and college athletes and coaches who use our principles at the highest levels of competition. All workshops are highly interactive and facilitated by PCA Trainers with deep experience in coaching, sports parenting, athletic administration or all three!

FOR COACHES

DEVELOPING COMPETITORS THROUGH POSITIVE COACHING (Youth) is PCA's foundational workshop that provides coaches with the tools to create a Positive Youth Sports Culture that sets athletes up to succeed both on and off the field.

CULTURE, PRACTICES AND GAMES further illustrates how coaches use PCA principles to build a team culture that players and their parents buy into, thus leading to life lessons and improved athletic performance in practices and games.

POSITIVE MOTIVATION: Getting the Best from Today's Athletes teaches a research-based way for coaches to motivate and work with athletes, with a focus on how positive coaching builds a supportive and challenging environment that helps athletes become more resilient and successful in sport and in life.

COACHING WITH EMPATHY Provides coaches with the tools to build meaningful, understanding relationships with and amongst their team - and unlock the many benefits that sports can provide.

CULTURE BUILDING: Honoring the Game introduces essential strategies that coaches can use to build a positive team culture that can lead to increased athlete satisfaction, sense of belonging, resilience, and performance.

SPORTS CAN BATTLE RACISM: A Workshop for Coaches strives to establish and enhance the building of sports environments free of hate and discrimination.

DEVELOPING COMPETITORS AND MENTAL WELLNESS THROUGH POSITIVE COACHING (High School) takes the principles of creating a positive youth sports culture, views them through the lens of Mental Wellness, and provides hands on tools to develop competitors, life skills, and mental wellness among High School athletes and beyond.

MASTERY: The Pursuit of Peak Performance expands upon PCA's skill development principle, The ELM Tree of Mastery. Coaches will learn the Pursuit of Peak Performance Framework - an actionable way to support athlete development both on and off the field.

FOR PARENTS:

THE POWER OF POSITIVE SPORTS PARENTING provides parents/caregivers with effective tools to support life skill development and the mental wellness of their athletes, form a productive parent/caregiver-coach partnership, and contribute to a welcoming team community.

THE POWER OF POSITIVE SPORTS PARENTING: Parent Talk is a 30 minute version of the original The Power of Positive Sports Parenting workshop.
